

# Less Space. Less Hassle.

## No Salt.

Introducing nuvoH2O,  
the all new  
water softener  
that uses citrus.

or

### Space Saving Water Softener

Some call it evolution. We call it innovation. The days of giant, salt-based water softeners roaming the earth are over. Many homes simply lack the space required for a traditional water softener.

Welcome to a new era, the nuvoH2O era. Using citrus instead of salt, the compact design of nuvoH2O is perfect for any size home; even condos, apartments and townhomes with limited space. Softened water is no longer a luxury reserved for those with space to spare.

Experience the benefits of softened water without the hassle of salt.

### Benefits

- Removes Existing Hard Water Scale and Prevents Scale Build-up
- Eco-Friendly – No Salt, No Waste Water, No Electricity
- Compact Design – Fits Almost Anywhere
- Extends the Life of Your Water Heater, Plumbing Fixtures and Appliances
- Innovative, Proprietary Technology Developed from Over 25 Years of Commercial Experience
